If you are purchasing Household Goods on your own, below is a list of recommended products from the Green and Healthy Committee (the brands listed are suggestions only, there may be other brands that do not contain the ingredients mentioned):

*** 7th Generation, Tushies, Rite Aid Premium baby wipes (fragrance free) and Pampers unscented or sensitive baby wipes are good choices, as these contain lower levels of harmful ingredients such as bronopol (2-Bromo-2-Nitropropane-1,3-DIOL) which can liberate formaldehyde.**

** Triclosan (and triclocarbon) are suspected endocrine disruptors, and studies have shown that bacteria may be able to evolve resistance to triclosan in a way that can help them also to resist antibiotics. Good choices are natural soaps, for example Hugo Naturals, Pure&Basic, CleanWell, Be Green or Tom's of Maine liquid hand soaps (preferably unscented).
